Power Salary Survey, those with a ACA-CloudNative certification garner a higher salary (20% higher on average) than those without a ACA-CloudNative certification.\* \*Earning Power.

We are engrossed in accelerating the Alibaba Cloud professionals in this computer age, When you find it hard for you to learn on computers, you can learn the printed materials of the ACA-CloudNative exam questions.

After doing detailed self-assessment, it will become a lot easier for you to clear Alibaba Cloud ACA-CloudNative exam on the first attempt, You will eventually find which job fits you best.

2022 100% Free ACA-CloudNative "Perfect 100% Free Valid Learning Materials | ACA Cloud Native Certification Exam Exam Guide

You will understand each point of questions and answers with the help of our ACA-CloudNative updated study material, You will work more efficiently than others, Easy to use software interface.

A lot of people has regard passing the ACA-CloudNative exam as the best and even only one method to achieve their great goals, because they cannot find the another method that is easier than the exam to help them to make their dreams come true, and more importantly, the way of passing the ACA-CloudNative exam can help them save a lot of time.

We provide preferential treatment to your second purchase, We have made commit to all of our customers to success pass in the ACA-CloudNative actual test, And our ACA-CloudNative study guide can be your work assistant.

Time and Time again I have noticed every individual wants to prepare ACA-CloudNative exam but they don't have an idea which platform they have to choose for the preparation of ACA-CloudNative exam.

With our Alibaba Cloud ACA-CloudNative materials, you will pass your exam easily at the first attempt, The quality of our ACA-CloudNative practice dumps deserves your trust.our products have built good reputation in the market.

You just need to send us an email, our online workers are willing to reply you an email to solve your problem on our ACA-CloudNative exam questions.

### **NEW QUESTION: 1**

DRAG DROP

Note: This question is a part of a series of questions that present the same scenario. For your convenience, the scenario is repeated in each question. Each question presents a different goal and answer choices, but the text of the scenario

is exactly the same in each question in this series.  
Start of repeated scenario  
You have a Microsoft SQL Server database that contains the following tables.

The following columns contain data information:

- \* Date[Month] in the mmyyyy format
- \* Date[Date\_ID] in the ddmmyyyy format
- \* Date[Date\_name] in the mm/dd/yyyy format
- \* Monthly\_returns[Month\_ID] in the mmyyyy format

The Order table contains more than one million rows.

The Store table has relationship to the Monthly\_returns table on the Store\_ID column. This is the only relationship between the tables.

You plan to use Power BI desktop to create an analytics solution for the data.

End of repeated scenario.

You need to configure a KPI indicator to show the monthly sales of a store versus the target sales of the store.

How should you configure the KPI indicator? To answer, drag the appropriate column to the correct fields. Each column may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

**Answer:**

Explanation:

Explanation:

Indicator :Order[Order\_amount]

Trend axis = Date[Month]

Target goals = Store[Sales-target]

**NEW QUESTION: 2**

- A. AWS Cloudwatch
- B. AWS SES
- C. AWS Cloudtrail
- D. AWS SNS

**Answer: D**

Explanation:

Amazon RDS uses the Amazon Simple NotificationService to provide a notification when an Amazon RDS event occurs. These notifications can be in any notification form supported by Amazon SNS for an AWS region, such as an email, a text message or a call to an HTTP endpoint

**NEW QUESTION: 3**

You are the business analyst for the NHQ Project. You have identified several stakeholders that need different types of information related to the requirements. Which stakeholder would need detailed technical interface requirements?

- A. Regulators
- B. Testers
- C. Project manager
- D. Implementation subject matter experts

**Answer: D**

Explanation:

Explanation

The implementation subject matter experts will need requirements that provide detailed interface requirements, so that they may construct the solution. They are responsible for designing and implementing potential solutions. Implementation subject matter experts will provide specialist expertise on the design and construction of the solution components.

Answer A is incorrect. The project manager will need requirements in an easy to understand format, so that he may create the project scope.

Answer D is incorrect. Regulators may have specific legal, contractual, or governance requirements regarding what is included in a requirements document.

Answer B is incorrect. Testers focus on understanding the critical success factors based on the needs of the business users.

**NEW QUESTION: 4**

You plan to use the Azure Import/Export service to copy files to a storage account.

Which two files should you create before you prepare the drives for the import job? Each correct answer presents part of the solution.

NOTE: Each correct selection is worth one point.

- A. a PowerShell PS1 file
- B. a JSON configuration file
- C. a dataset CSV file
- D. a driveset CSV file
- E. an XML manifest file

**Answer: C,D**

Explanation:

B: Modify the driveset.csv file in the root folder where the tool resides.

C: Modify the dataset.csv file in the root folder where the tool resides. Depending on whether you want to import a file or folder or both, add entries in the dataset.csv file
