NEW QUESTION: 2

Electronic storage of records must include specific controls to ensure which of the following?

- A. Ease of use
- B. Collaboration with an HRIS system
- C. Online retrievability on demand
- D. No unauthorized access

Answer: D

Explanation:

Answer option B is correct. Although the decision to store employment records online is influenced by all of these factors, the ability to limit access is a strong element of labor law and privacy compliance. Chapter: Workforce Planning and Employment Objective: Review Questions

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You have a Microsoft 365 subscription.

You need to prevent users from accessing your Microsoft SharePoint Online sites unless the users are connected to your on-premises network.

Solution: From the Azure Active Directory admin center, you create a trusted location and a conditional access policy.

Does this meet the goal?

- A. Yes
- B. No

Answer: B

Explanation:

Explanation/Reference:

Explanation:

This solution applies to users accessing Azure Active

Directory, not to users accessing SharePoint Online.
Conditional Access in SharePoint Online can be configured to use an IP Address white list to allow access.
