NEW QUESTION: 2

A. Option B
B. Option A
C. Option C
D. Option D
Answer: B
Explanation:
Virtual Tape Library A virtual tape library (VTL) has the same
components as that of a physical tape library, except that the
majority of the components are presented as virtual resources.
For the backup software, there is no difference between a
physical tape library and a virtual tape library.

Virtual tape libraries use disks as backup media.
Emulation software has a database with a list of virtual tapes,
and each virtual tape is assigned space on a LUN. A virtual
tape can span multiple LUNs if required. File system awareness
is not required while backing up because the virtual tape
solution typically uses raw devices.
