D. The first ACL is denying all TCP traffic and the other ACLs are being ignored by the router

Answer: D

NEW QUESTION: 2

Please wait while the virtual machine loads. Once loaded, you may proceed to the lab section. This may take a few minutes, and the wait time will not be deducted from your overall test time.

When the Next button is available, click it to access the lab section. In this section, you will perform a set of tasks in a live environment. While most functionality will be available to you as it would be in a live environment, some functionality (e.g., copy and paste, ability to navigate to external websites) will not be possible by design.

Scoring is based on the outcome of performing the tasks stated in the lab. In other words, it doesn't matter how you accomplish the task, if you successfully perform it, you will earn credit for that task.

Labs are not timed separately, and this exam may have more than one lab that you must complete. You can use as much time as you would like to complete each lab. But, you should manage your time appropriately to ensure that you are able to complete the lab(s) and all other sections of the exam in the time provided. Please note that once you submit your work by clicking the Next button within a lab, you will NOT be able to return to the lab. You may now click next to proceed to the lab.

You need to create a SharePoint Online site named Marketing Lab. Marketing Lab must meet the following requirements:

Be a communication site.

Store up to 10 GB of data.

Use MOD Administrator as the site owner.

Have the default language set to English (United States).

To complete this task, sign in to Microsoft 365 admin portal.

Answer:

Explanation:

See explanation below.

Explanation

Sign in to the Microsoft 365 admin center, then browse to the SharePoint admin center and open the Active sites page.

Select Create.

Select Team site (to create an Office 365 group-connected team site), Communication site, or Other options (to create a new team site without an Office 365 group, or to create a classic site).

Follow the steps to specify a site name, owner, language, and other settings. When you're done, select Finish. Here you should name the site as Marketing Lab, add MOD Administrator as the site owner, and set the default language to English (United States).

Select Site storage limits.

Select Manual, and then select Save.

Select the Marketing Lab site, and then select Storage.

Enter 10 as the maximum storage in GB for the site.

Make sure Notifications is turned on to send an email to site admins when the site approaches the storage limit. Then enter a value as a percent for how full you want the storage to be when the email is sent.

Select Save.
